Entrepreneurship BOOTCAMP

St. Teresa School, Indirapuram, Ghaziabad

The best way to learn anything is to just do it.

The world belongs to those who have the courage to create it.

ThinkStartup's K12 Entrepreneurship Bootcamp is a unique 1-day program, designed for school students driven towards innovation and entrepreneurship. In this program, high-schoolers get introduced to concepts of **Design, Innovation and Entrepreneurship** from some of the best teachers in this field.

In this fun-filled learning, students experiment with their most creative ideas in a lively atmosphere.

K12 Entrepreneurship Bootcamp aims to provoke and stimulate young minds to look at things by applying the lens of creativity and design to real world situations. They work in teams to come up with, evaluate and build a creative idea and make a Shark Tank like pitch.

Ever dream about being an innovator/entrepreneur?

WHAT WILL STUDENTS GET?

- LIVE High-powered sessions in Creativity, Design, Innovation and Entrepreneurship
- Hands-on experience working on an exciting entrepreneurship project
- Gain Knowledge about the real world of business
- Participate in **Shark Tank Style Pitch**
- Unlock their true potential by Speaking up, Sharing, Collaborating and Co-Creating

The best way to learn anything is to just do it.
